

School of Education and Human Sciences - Scholarship Application

Some hints to make your application session go quickly and easily...

All scholarship applicants will be asked to complete a series of essay or short answer questions and attach a CV or resume. Applicants will need to list academic and professional accomplishments since coming to the University of Kansas. Graduate students will also need a recommendation from a faculty member.

We have provided an example of the requirements and instructions on our [website](#). Please take a moment to prepare.

Do not use the forward and back buttons on your browser. This action can expire your session and you will have to start over. You must use the buttons provided at the bottom of each page. You will be able to navigate back to any page before you submit your application.

You must complete the entire application, including essay fields. The Scholarship Committee will not award funds to students with incomplete applications.

The following questions are asked because our donors have designated specific criteria that must be met in order for applicants to be eligible for their scholarships. Responses will be used to match criteria and will never be used to discriminate against any student.
